### Medical Care

Until you receive your Aetna policy information, you will have to pay for medical care out of pocket. Once you have your policy info, you should be able to be reimbursed by Aetna (no guarantee; it depends on the plan you have).

I do not recommend going to the ER unless the situation is highly serious and/or life threatening. It is costly and the wait is usually long.

**Instead, use urgent care clinics.** They are staffed by physicians and nurses for serious, non-life threatening issues, including but not limited to:

- Fractures
- Whiplash
- Sports injuries
- Falls (less than 7 feet)
- Cuts and minor lacerations
- Allergies
- Infections
- Flu
- Gallstones
- Skin lesion removal
- Burns and rashes
- Vaccinations

Here are the names of the urgent care clinics **closest to Emory**. They should be covered by Aetna:

For less serious issues, **walk-in clinics** are staffed by nurse practitioners. They are located inside some CVS Pharmacy locations. Walk-in clinics are designed to treat ailments such as strep throat, pink eye, and seasonal allergies and may also offer a limited list of vaccines such as tetanus, hepatitis and pneumonia.

These walk-in clinics are close to Emory. They also should be covered by Aetna:
